

Bark River Harris Baseball Boosters Club

Hello!

The Bark River Harris Broncos Baseball Team would like to say THANK YOU for your donation toward our program. Your support insures the continued success of our varsity boys baseball program. The boys had a successful first season. They are continuing to prepare for year two.

The chief and principal objective of the Bark River School Baseball Boosters Club is to support and promote the growth and development of the Bark River High School Baseball program and participating student athletes. Our programs are 100% self-funded and we appreciate your support with our program.

We hope to see you at games and our future booster events.

Sincerely,

The Bark River Harris Baseball Boosters Club

Go Broncos!
