Escanaba High School

Dear Escanaba Kiwanis,

On behalf of the Escanaba High School Chapter of Business Professionals of America, it is my pleasure to thank you for your generous donation of \$200.00 to assist us with our State Leadership Conference expenses. With your assistance, we have raised \$1,867.00 so far, an accomplishment that we can all be proud of.

Business Professionals of America is one of ten career and technical student organizations that focuses on five key business areas including finance, technology, administrative support, and management. We compete at the Regional, State, and National Leadership Conferences each year. Your donation played a crucial role in helping us obtain the necessary funding in order to attend the State Leadership Conference in Grand Rapids. Thanks to your help, nine members were able to further their business education and experience at this conference.

Thank you again for your donation and your support of the community.

Sincerely,

Jon Perrault *Gavin Peacock* *Garrin Salo* *Calvin Pinar* *Cheri Lehto*
